

The lovely note below, received from the Herring Cove Apartments, is an example of the responses we receive when we deliver a home cooked meal to the residents. It shows how anyone in our congregation can get involved in making a difference in our community!

*Dear Friends at First Baptist Church,*

*We would like to express our gratitude on behalf of all the tenants and staff at Herring Cove Apartments. We always love a well-rounded meal and you hit it out of the park!*

*The meatloaf was moist and delicious, impressing all of our tenants. The mashed potatoes were perfectly buttery and the green beans and carrots tasted great. We had a few tenants who were unsure if they liked rhubarb, but your cake completely converted them! Several of the tenants also requested a few scoops of the vanilla ice cream on top of the cake and had to come back for a second helping of dessert.*

*We sincerely appreciate the time and effort that goes into making and delivering a home cooked meal. Thank you for thinking of us!*

*Best wishes,*

*HCA Staff*
